TECH TALKS

**DEPARTMENT OF COMPUTER SCIENCE
AND ENGINEERING**

Sreyas Institute of Engineering and Technology

SREYAS INSTITUTE OF ENGINEERING AND TECHNOLOGY

Dear staff and students

Sreyas Institute of Engineering and Technology ,located in the heart of the city, is the result of deliberation and planning of every aspect to create a world class technical educational institution.The campus is located at Nagole ,the most happening area in the city of Hyderabad.This proximity helps us in attracting the beacons of industry to our campus for regular interactions with our students.

The first impression as u enter the sprawling green and verdant campus of Sreyas leaves a lasting impression of innate calm and energizing growth. Our student-centric approach will ensure that Sreyans gain not just depth and breadth in their chosen area of specialization,but a holistic set of skills that will equip them to face the real world. At very stag,there will be opportunities to expand their boundaries ,with multiple platforms for collaboration and learning.

The infrastructure is absolutely world-class with opportunities to build practical skills in stat-of-the-art laboratories and workshops.The thriving and vibrant campus with its multitude of activities will help them develop a well-rounded and grounded personality that evolves natural Finally ,our intention is to ensure that every opportunity to learn is utilized to the maximum and the end goal is that the student transforms into an individual full of enthusiasm ,confidence and knowledge to face global challenges, becoming both individually and professionally successful, as well as socially responsibly If these are the values you believe in to, you will do well at Sreyas. Bring your dream, drive and determination to Sreyas and We will help you realize your dream.

Sincerely,

Anantula vinay kumar reddy

Chairperson for
Sreyas Institute of Engineering and Technology

It gives me immense pleasure to present fourth issue of the magazine brought out by the students and faculty and staff of Sreyas family

Magazine of this type provides an opportunity to the members of sreyas fraternity to express with in and outside sreyas campus.

Magazine also showcase talent spectrum of Sreyas Institute of Engineering and Technology encourages students to learn about themselves and their constantly changing environment ,while at the same time offering support and guidance as they practice decision-making and social skills.

Anantula Vinay Kumar Reddy

Chairman

FROM COLLEGE

SREYAS INSTITUTE OF ENGINEERING AND TECHNOLOGY

CH. RAVINDRANATH YADAV

SREYAS has been prepared to be constantly challenged, whether it is in classroom or outside. You can look forward to being trained by excellent and committed faculty, get hands-on experience in the state of the art technology in world class MNCs and building enduring bonds with your peers the institution aims at encouraging the students to develop master and gain the knowledge to latest technology .

By Secretary

A. HRIDAY REDDY

SREYAS is about always trying to push the bar a little more, constantly innovating and never standing still. If these are values you believe in too, you will do well at SREYAS. If you have the drive and determination, come to SREYAS and we will help you realize your dreams. Sreyas will provide you with all the opportunity and liberty to discover yourself the institution aims at encouraging the students to develop master and gain the knowledge to the technology .

By Board Member

A MESSAGE FROM THE PRINCIPAL

By **DR. SURESH AKELLA**

Sreyas institute of Engineering and Technology is established with a vision of nurturing talents. The primary aim of this institution is to provide professional education, in a vibrant atmosphere to deserving students .

Sreyas looks at education not merely in terms of quantity of knowledge but in terms of quality of knowledge. That helps from the character of students total formation of individuals in a world of unequal and unjust society.

SREYAS INSTITUTE OF ENGINEERING AND TECHNOLOGY

BANDLAGUDA, NAGOLE, HYDERABD

Dear staff and students,

Sreyas Institute of Engineering and Technology is a product of a dream and vision to excel and be a premier institution in the field of engineering. The college has the most modern and best infra structure.

It provides a wide arena for the staff and students to showcase their academic and extracurricular activities. Our endeavor is to provide the students an exhilarating experience. The college is within the city limits yet in the midst of eco-friendly green surroundings. You will find nature and technology blending in our campus.

Sreyas will provide you with all the opportunity and liberty to discover yourself. The institution aims at encouraging the students to develop, master and gain the knowledge to the latest technology and global development. I believe that these will be the best years of your lives. The years you spend in our institution will shape your future and make you an excellent engineer and a wonderful human being.

On behalf of every member of this institution, I welcome you to our college. We will be here to guide and assist you all the way to achieve your goal and excel in all that you do while you are with us.

Respectfully yours,

sri Anantula vinay KumarReddy

Chairman ,

Sreyas Institute of Engineering and technology

JULY 2019

WELCOME ON BOARD

Welcome to the New Year! It's so good to have you back!

Vision and Mission of Institute

By chairperson

VISION

To be a center of excellence in technical education to empower the young talent through quality education and innovative engineering for well being of the society.

MISSION

- Provide quality education with innovative methodology and intellectual human capital.
- Provide conducive environment for research and developmental activities.
- Inculcate holistic approach towards nature, society and human ethics with lifelong learning attitude.

HERE'S WHAT'S UP!

2 - PEO'S

3 - CSE DEPARTMENT

4 - VISION AND MISSION
OF THE DEPARTMENT

SREYAS INSTITUTE OF ENGINEERING AND TECHNOLOGY

PEO'S

Computer Science & Engineering (CSE) is one of the most prominent technical fields in Engineering. The curriculum offers courses with various areas of emphasis on theory, design and experimental work. Subject matter ranges from basics of Computers & Programming Languages to Compiler Design and Cloud Computing.

It maintains strong tie-ups with industry and is dedicated to preparing students for a career in Web. Technologies, Object Oriented Analysis and Design, Networking & Security, Databases, Data Mining & Data Warehousing and Software Testing.

PEO-1

- Graduate will be empowered with strong fundamental concepts, analytical capability, programming and problem solving skills.

PEO-2

- Graduates will be employed or may pursue higher education or undertake research.

PEO-3

- Graduates will lead in their profession with integrity and civic responsibility and a continuous learning attitude.

Sincerely,

CSE DEPARTMENT.

CSE DEPARTMENT

MESSAGE TO READERS

I believe the CSE discipline has been widely recognised as an essential source and technique for the advancements in all spheres of human Endeavour now and in future. It is my pleasure to congratulate the team that has taken the initiative for producing this magazine. This magazine provides a platform for students and staff to share information, spread the latest technical knowledge and cultivate right ways that will equip all of us to stay competent in our respective fields of Study and Research.

Dr.V.GOUTHAM

Dr.M.Purushotham working as a Professor, had his research on Artificial Intelligence, Machine Learning & Soft Computing, experienced industry for more than 4 years and teaching field for more than 3 years. This magazine provides a platform for students and staff to share information, spread the latest technical knowledge and cultivate right ways that will be helpful in creating and innovating platform for students and staff to express their thoughts.

Dr.M.PURUSHOTHAM

Mr.B.Rajesh working as an associative Professor, had his research on Network Security, experienced teaching field for 10 years. The college magazine is the best medium to project the academic and extra curricular activities of the students with the guidance of these faculty members.

DR.B.RAJESH

Dr.Rohit Raja working as a Professor, had his research on Image Processing, experienced industry for 1.5 years & teaching field for 10 years. I am sure that this annual magazine of CSE department will be able to show the outstanding performance of the students. I wish them a bright future.

Dr.ROHIT RAJA

MISSION AND VISSION

VISION

- To excel in computer science engineering education with best learning practices, research and professional ethics.

MISSION

- To offer technical education with innovative teaching, good infrastructure and qualified human resources.
- Accomplish a process to advance knowledge in the subject and promote academic and research environment.
- To impart moral and ethical values and interpersonal skills to the students.

APACHE HADOOP

Frame Work

Mrs.S.PALLAVI
ASSISTANT PROFESSOR

Apache Hadoop is an open source software framework for storage and large scale processing of data-sets on clusters of commodity hardware. Hadoop is an Apache top level project being built and used by a global community of contributors and users. It is licensed under the Apache License 2.0.

The Apache Hadoop framework is composed of the following modules: Hadoop Common contains libraries and utilities needed by other Hadoop modules. Hadoop Distributed File System (HDFS) - distributed file-system that stores data on commodity machines, providing very high aggregate bandwidth across the cluster.

assumption that hardware failures (of individual machines, or racks of machines) are common and thus should be automatically handled in software by the framework. Apache Hadoop's Map reduce and HDFS, YARN and Map reduce and Google File System (GFS) papers. Beyond HDFS, YARN and Map Reduce, the entire Apache Hadoop "platform".

DATA MINING

SEEING K-NEAREST ALGORITHM

SEEKING K-NEAREST NEIGHBOR ALGORITHMS LEAP INTO ACTION

Mrs.K.Ramya
ASSISTANT PROFESSOR

Neighbor techniques are often used for theft prevention in the modern retail business. People are accustomed to see CCTV cameras around almost every store you visit, but most people have no idea how the data gathered from these devices is being use to simplify management and security in daily retail operations. You might imagine that there is someone in the back room monitoring these cameras for suspicious activity, and perhaps that is how things were done in the past. But today, a modern surveillance system is intelligent enough to analyze and interpret video data on its own,without a need for human assistance

enough to analyze and interpret video data a need for human assista
OPPING CART:The modern systems now able to use k-nearest neighbor for visual pattern recognition to scan and detect hidden packages in the bottom bin of a shopping cart at check-out. If an object is detected that's an exact match for an object listed in the database, then the price of the spotted product could even automatically be added to the customer's bill. While this automated billing practice is not used extensively at this time, the technology has been developed and is available for use.(elementary data flows) and jobs (execution sequences of transformations

Pan - executes transformations modeled in SpoonKitchen - executes jobs designed in Spoon Carte - a simple web server used for running and monitoring data integration tasks Pentaho enterprise edition.

The enterprise edition of PDI adds some extra components that extend the capabilities of the Pentaho platform, including support and performance monitoring.

CERTIFICATE

OF COMPLETION

KALLEPALLI ROHIT KUMAR

Is certified by edureka! as

BlockChain Developer

with Grade A

Certificate ID : TNXEKZ9S

Date : 22nd Mar 2019

Director :

The Certificate ID can be verified at www.edureka.co/verify

Block Chain Developer

A blockchain is a growing list of records, called blocks, which are linked using cryptography. Each block contains a cryptographic hash of the previous block a timestamp, and transaction data (generally represented as a Merkle tree).

By design, a blockchain is resistant to modification of the data. It is “an open, distributed ledger that can record transactions between two parties efficiently and in a verifiable and permanent way.

The blockchain is an undeniably ingenious invention – the brainchild of a person or group of people known by the pseudonym, Satoshi Nakamoto.

Mr.K.Rohit kumar

ASSISTANT PROFESSOR

But since then, it has evolved into something greater, and the main question every single person is asking is: What is Blockchain?

By allowing digital information to be distributed but not copied, blockchain technology created the backbone of a new type of internet. Originally devised for the digital currency, Bitcoin, (Buy Bitcoin) the tech community has now found other potential uses for the technology.

ENGINEERING AND TECHNOLOGY

DEPARTMENT PLACEMENTS

EPAM CSR Team has launched a volunteer IT Vacation program for engineering students at their Hyderabad office. This volunteer vocational/career guidance program helped our students to get to know more about current Technology, Business trends and Practices that are followed in an IT industry. This immensely helped them to choose right career paths down the road.

Today people are looking at ways and means to better their life-style using latest technologies that are available. Any new facility or home appliance that promises to enhance their life-style is grabbed by the consumers. The more such facilities and appliances are added, it becomes inevitable to have easy and convenient methods and means to control and operate these appliances. Conventional wall switches are located in different parts of a house and thus necessitates manual operations like to switch on or off these switches to control various appliances. It gets virtually impossible to keep track of appliances that are running and also to monitor their performances.

Message to students

by Harshith sheggam

Graduation day brings with it a roller coaster of emotions for grads and their families alike. It's a time of celebration and achievement. There is reflection on past trials and successes as well as hope for the future.

As a relative or close friend of the grad, you've already done your job of shaping their mind and filling their heart. Now it's time to take a step back and let them shine. All their hard work has trained them for what is to come.

"I'm always excited to go to college despite the workload. Staying positive is the secret"

CODE CHAMPS

I AM EXTREMELY HAPPY ABOUT THIS . THE 1 ST PRICE I SEE IT AS A WAY CREATE SOMETHING I ENJOY BEGIN CREATIVE AND ABLE TO TAKE CONCEPT MOVE IT TO A POINT EXTREMELY

THE GAIN IS OFTEN AN AWARD OR RECOGNITION EACH SERVES AS A CATALYST TO MOTIVATE INDIVIDUALS TO PUT FORTH THEIR BEST .

INITIATIVE BY CSE DEPT

THIS IS AN INTUIT CREATIVE THINKING BY CSE DEPARTMENT TO BRING ALL THE TALENTED STUDENTS TOGETHER AND THE COMMUNITY TO FIND A NEW TANGLED SOLUTION TO A PERSISTENT EDUCATION PROBLEMS-INTUIT

THE SPIRIT OF COMPETITION TO WIN OR NOT TO WIN I AM VERY HAPPY AND THANK FULL FOR CONGRATULATING ME TO BE IN 3 RD PLACE THROUGH THIS COMPETITION I REALIZED THAT I SHOULD FOCUS ON PROGRAMMING TO BE IN FIRST PLACE

A MESSAGE FROM THE EDITORIAL

By S.Pallavi

This is fourth issue of Tech Talk CSE department magazine. As a coordinator it was a challenging to not only live up to the standards but also set new . Tech talks is all about the technology that inspires students to do something that leaves an ever lasting mark on the world of technology would like to thank every member of the magazine team with out their contribution this issue would not have been possible.

A MESSAGE FROM THE STUDENT EDITORIAL

By Sheggam Harshith

Sreyas institute of Engineering and Technology it's been 2 year i have studied here every day is a new challenge a new experience learning new thing exploring been a part of my academics magazine could be a memory to your college contributions .

Everyday digital media becomes more important as a means of receiving producing sharing and broadcasting information There is no doubt that digital publications have always been a great option that provides a whole new world for magazine design it been a great pleasure designing the magazine and helped me to explore new things.

“My mission in life is
not merely to
survive, but to
thrive; and to do so
with some passion,
some compassion,
some humor, and
some style.”

S.Pallavi
