

### **Expert Talk On Genetic Algorithm & Its Applications**

Department Of Electronics & Communications, Sreyas Institute of Engineering & Technology organized an expert session on genetic algorithm & its applications for the students and faculty on 21<sup>st</sup> February 2019. The session aims to give insight into the theoretical aspects as well as practical implementation for graduate researchers and faculty practitioners from our institute. It also provides the awareness about emerging technologies in the area of digital image processing and related fields. The speaker for this expert session is Dr. M.A. Jabbar, Vice-chair, Computer Society Chapter of IEEE Hyderabad Section.

The session was Co-ordinated by Dr. Kantipudi MVV Prasad, Dept. of Electronics & Communication Engineering, Sreyas Institute of Engineering & Technology. The session was inaugurated with opening speech from Dr. Suresh Akella, Principal, Sreyas Institute of Engineering & Technology, welcoming all dignitaries and delegates followed by key note address from Mr. B Sreenivasu, head of the ECE department, Prof. Murali Krishna and Prof. Pandu Ranga Rao, Dept. of Electronics & Communication Engineering ECE, Sreyas Institute of Engineering & Technology in presence of Sri A. Hriday Reddy, Vice chairman and Ms. Surekha K, Academic Dean of Sreyas Institute of Engineering & Technology. Dr. M.A. Jabbar talked about genetic algorithm & its applications and explained about implementation and to provide fruitful solutions to the challenges faced by the communication industry.

The under graduate & post graduate researchers and faculty practitioners from Sreyas Institute of Engineering & Technology participated in this expert session. On the closing ceremony, Mr. B Sreenivasu, Associate Professor, Head of the Department of Electronics and Communication Engineering, Sreyas Institute of Engineering & Technology, congratulated everyone for the participation.
