Summary Report:

sequence of construction is similar to traditional concrete bridge building, i.e., build the support towers (columns), build the temporary false work, build the deck, perform finish work. The principal differences are as follows:

1. The support towers may be built segmentally. Often this is accomplished using "slip-form" construction, where the falsework moves (slips) upward following sequential concrete "pours." The falsework uses the newly constructed concrete as the basis for moving upward.
2. After the towers are built, a superstructure is built atop the towers. This superstructure serves as the "launching" point for building the deck. (The deck is often built in both directions away from the tower, simultaneously.)
3. The deck is now constructed sequentially, beginning at the tower, one section at a time. This process is usually accomplished using a self propelled bridge layer that hoists the bridge section into place.
 - o In cast-in-place bridges, the falsework is connected to the previously installed concrete and allowed to cantilever freely. Next, the permanent reinforcing steel and supports are installed. Finally, the concrete is placed and cured, freeing the falsework to be moved.
 - o In pre-cast bridges, the concrete segment is constructed on the ground, and then transported and hoisted into place. As the new segment is suspended in place by the crane, workers install steel reinforcing that attaches the new segment to preceding segments. Each segment of the bridge is designed to accept connections from both preceding and succeeding segments.
4. The process in step 3 is repeated until the span is completed.

Subject: Permission Letter for Industrial Visit.

I am writing this letter to seek your permission for the visit at your Industry at on 5th Mar ,2019. I would like to share that we have planned this **industry visit for our Mechanical Engineering students** in order to give them an insight about the way things work in the real life scenario.

There would be a total of around 100 students (BTech II year) accompanied by two faculty members from our college. The visit is aimed at enhancing their knowledge. We intend to take a round of the entire industry and show the tasks handled in different departments to our students.

I hope you will allow us to visit your industry and meet your skilled staff. I anticipate a positive response from your end.

Kindly grant us permission for the industrial visit and make necessary arrangements for the same. We will be grateful to you for giving this opportunity and look forward to a positive reply from your side.

Thanking You,

Yours Sincerely,

Y. Krishna

I/C HOD,

To,

HOD

Mechanical Engineering Department

SIET

Hyderabad

Respected sir,

REG: Industrial tour for III year Mechanical Engineering Students

It is proposed to take Mechanical Engineering students to BNR industries on 05-03-2019. While discussing with the coordinator of the industry, he wanted our students to report on 05-03-2019 by 10:00 AM.

We need your permission to arrange the tour. The accompanying faculty will take the pictures and submit for record of the tour

Hope this meets with your approval.

Sincerely

K Sainath

Assoc. Professor

To,

The principal,

SIET.

Sub: Requisition to approve the industrial visit --reg

Sir,

With reference to the above subject, the department had planned industrial visit for III year students for a manufacturing company name BNR Industries, Uppal, Hyderabad. Industry has conformed visit on 5-3-2019. Hence I kindly allow the students to visit through which they can improve their academics. I also request you to authorize the transport in charge for arranging the buses with a minimum of 2 buses

Thanking you sir

With regards

Dr AC Uma Maheshwer rao

REPORT ON INDUSTRIAL VISIT TO REGIONAL TELECOM TRAINING CENTER-BSNL HYDERABAD

The department of Electronics and Communication Engineering, Sreyas Institute of Engineering and Technology, organized one day Industrial visit to **REGIONAL TELECOM TRAINING CENTER** on 06th October 2018 for Fourth year B Tech ECE students. The visit was organized with the prior permission and guidance of Hon. Principal Dr. Suresh Akella and HOD of ECE Department Mr. B.srinevasu , Associate professors of ECE department ,Dr. V.A. Shankar Ponnappalli and Mrs. Praveena. A accompanied students for this industrial visit.

Total 70 students of fourth year B Tech (ECE) along with two faculty members have joined this industrial visit.

The students had the opportunity of visiting seven main sections of the namely

- FTTH(Fiber to the Home).
- MLLN (Managed Lease line Network).
- Network Lab.
- Broadband Lab.
- OFC Lab (Optical Fiber Communication Lab).
- C DOT Lab.
- Telecom Museum.

The details of journey are as follows:-

1. We started traveling from Sreyas Institute of Engineering and Technology at 09.45 AM on 06th October 2018.
2. We reached BSNL, Hyderabad at 11.00 A M.
3. After visiting the company we started back at 2.30 P M.
4. We arrived at 4.00 P.M. at SIET Campus,

COMPANY PROFILE

Bharat Sanchar Nigam Limited (abbreviated BSNL) is an Indian state owned telecommunications company headquartered in New Delhi, India.

It was incorporated on 15 September 2000 and took over the business of providing of telecom services and network management from the erstwhile Central Government Departments of Telecom Services (DTS) and Telecom Operations (DTO), with effect from 1 October 2000 on a going concern basis.

It is the largest provider of fixed telephony, largest broadband services provider with more than 60% Market share, and fourth largest mobile telephony provider in India, BSNL is India's oldest and largest communication service provider (CSP). It had a customer base of 117 million as of January 2014. It has footprints throughout India except for the metropolitan cities of Mumbai and New Delhi, which are managed by Mahanagar Telephone Nigam (MTNL).

About "RTTC"(Regional Telecom Training Centre), Hyderabad is one of the prime training centers of BSNL in the western region. The Centre is an ISO 9001:2008 Certified Institute. It was established in 1973 catering to the training needs in telecom sector. Telecommunication has emerged as one of the most rapidly advancing and expanding sector.

Dear Sir / Ma'am,
I am Ch.S.V.Maruthi Rao, Associate Professor, Department of ECE at Sreyas Institute of Engineering and Technology. we are interested in the industrial tour at your campus for our B.Tech ECE Students. In this regard, I would be obliged if you could provide us with the dates of availability.

Brief Profile of the Organization:

Sreyas Institute of Engineering & Technology is a unique and upcoming Institute affiliated to JNTU Hyderabad and approved by AICTE established in 2011. Apart from University Curriculum the Value additions at Sreyas Institute of Engineering & Technology are **Microsoft Innovation center, NPTEL Local Chapter, Computer Society of India and ETS Authorized Prometric Center**. The Institute established CAD/CAM Lab and is on the Verge of Establishing VLSI Lab for Certifications and Academic projects at the Institute in collaboration with MNC's. The Organization is also remote centre for IIT Bombay and IIRS Dehradun. The complete profile of the organization can be viewed at www.sreyas.ac.in

I would be grateful if you could send the dates and the required forms at the earliest.

Thanks
Regards
Rao.Chinnam

Subject: Summer Training

Dear Katta Shivani Reddy,

With reference to your application we would like to congratulate you on being selected for internship with BridgeCubes IT Solutions based at Hyderabad.

Your training is scheduled to start effective 07-May-2018 for a period of 3 months. All of us at BridgeCubes are excited that you will be joining our team!

As such, your internship will include training/orientation and focus primarily on learning and developing new skills and gaining a deeper understanding of Android concepts through hands-on application. You will have training sessions at client place Virinchi Hospitals.

The project details and technical platform will be shared with you on or before commencement of training

You should report for training at client place at following address:

Virinchi Hospitals
Virinchi Circle, Rd No 1,
Banjara Hills, Hyderabad,
Telangana 500034

Contact Person: Himaja Reddy

Again congratulations and we look forward to working with you.

Yours sincerely,

Ravi Busam
HR Manager

Sub: Permission for Internship – Reg.

Sir,

Sreyas Institute of Engineering and Technology, Affiliated to JNTUH and Approved by AICTE, New Delhi. Institute promotes and encourages the students to undergo in internship to expose them to practical application of education system so as to bridge the gap between industry and university curriculum and upgrade their technical skills.

As a part of the curriculum, the students are required to undertake Internship in an industry of repute. In regard to this I would like to recommend the students of Mech.Engg. Dept studying III Year namely E Susheel Kumar(16VE1A0312) to undergo internship in your esteemed organization in order to have a better appreciation of practical applications of theory.

I request you to kindly accord the necessary permission for the above internship and arrange for guiding the student.

We assure you that our student will observe the rules and regulations that are prescribed by your company for the visitors and will in no way disturb the functioning of the company

We shall be grateful for a favorable response.

Thanking You,

Yours faithfully,
