Four Weeks Skill Development Program on “Machine Learning with Python”

June 07, 2021 – July 03, 2021

(Timings: 3:00 PM – 4:30 PM)

Organized By

**DEPARTMENT OF
COMPUTER SCIENCE AND ENGINEERING**

**INSTITUTE OF ENGINEERING AND
TECHNOLOGY**

ABOUT THE COLLEGE

Sreyas Institute of Engineering & Technology was established in the year 2011 under the aegis of Sreyas Educational Society. The Institute endeavors to impart high quality, competency based technical education in Engineering and technology to students with skills and abilities to face challenging needs of industry and society. The campus is scientifically planned and artistically designed. The students have access to the latest software & computing facilities for learning & research to groom them into future citizens. The Institute is approved by All Indian Council for Technical Education (AICTE), New Delhi and affiliated to JNTUH.

RESOURCE PERSONS

Prof M. Naresh Choudary, CSE
Prof K. Ramya Laxmi, CSE
Prof K. Madhuravani, CSE

DEPARTMENT PROFILE

The Department of Computer Science and Engineering since its inception in the year 2011 offers Programme keeping in pace in technological advancements. Currently Department offers Undergraduate course B. Tech in CSE with an intake of 240 students, AI and ML with an intake of 120 and also Data Science with an intake of 120 students. Importance to practical training which lay great stress on "hands on" experience besides a sound theoretical background is practiced. Short term courses and technical lectures by eminent professors and professionals are arranged on a regular basis to broaden the knowledge spectrum of students. The state-of-the-art Computer Center has more than 1000 computers with 100 Mbps internet connectivity. The department has highly qualified and well experienced faculty to offer both class room teaching and practical instructions. The department has established Industry ready training academies such as Google Cloud, CISCO, AWS (Amazon Web Services), Oracle, Robotics Process Automation etc., It has an excellent track record of the placements, more than 80% students are placed in well reputed Multinational Companies. The Department motto is **"Step into Learn and Step out to Serve"**.

PROGRAM OBJECTIVE

Provide insights into Python Programming to design & develop applications confidently and acquire specific skills towards Machine Learning, Artificial Intelligence, Data Science, etc.

WHY SHOULD YOU ATTEND?

- Fully Hands-on. Interactive Learning.
- Opportunity to learn one of the popular and applicable programming language.

SALIENT FEATURES

- 100% Hands-on Training will be given
- Participant-centered learning
Material (Softcopy) will be provided
- Regular Programming Exercises & Assignments will be given
- List of Programs with Solutions will be provided.
- Assessment test will be conducted after the workshop
- E- Certificate will be provided to the eligible
- participants (80% of attendance & 60% of marks in the assessment test)

**SUMMARY REPORT ON “Machine Learning With Python” Organized By Computer Science
Engineering Department of Sreyas Institute Of Engineering and Technology
From 7th June 2021 – 03rd July 2021**

With an Objective to acquaint the students with knowledge of programming on python to provide insights to write simple programs, design & develop micro applications in real time and confidently move towards advanced python. This skill development program was conducted online virtually for 4 weeks from 7th June to 3rd July 2021 which was organised by Computer science and Engineering Department through Microsoft Teams.

This Program was inaugurated by our chief guest and Patron Dr. S. Sai Satyanarayana Reddy, Principal, Professor of CSE. Conveners of this workshop are Dr. Shaik Abdul Nabi, Professor & HOD – CSE, Dr. S Venkata Achuta Rao Professor of CSE. Coordinators Prof K K Swamy and Prof. P.Archana.

The resource persons Prof.M.Naresh Choudary, Prof. K Ramya Lakshmi and Prof. K.MadhuraVani who were the faculty members of Sreyas institute of engineering and technology.

During the First Two Weeks of the Program, Prof.M.Naresh Choudary has taught the concepts from History of Python to In-Depth Of Modules & Packages. At the Last Two Weeks, Prof. K Ramya Lakshmi and Prof. K. Madhura Vani taught the concepts of Machine Learning along with all Lab Experiments and beyond the curriculum. The Assignments are given to the students and evaluation has done in all the days of the program. Students who have performed well in the assessment were given as awardees as the best performers.

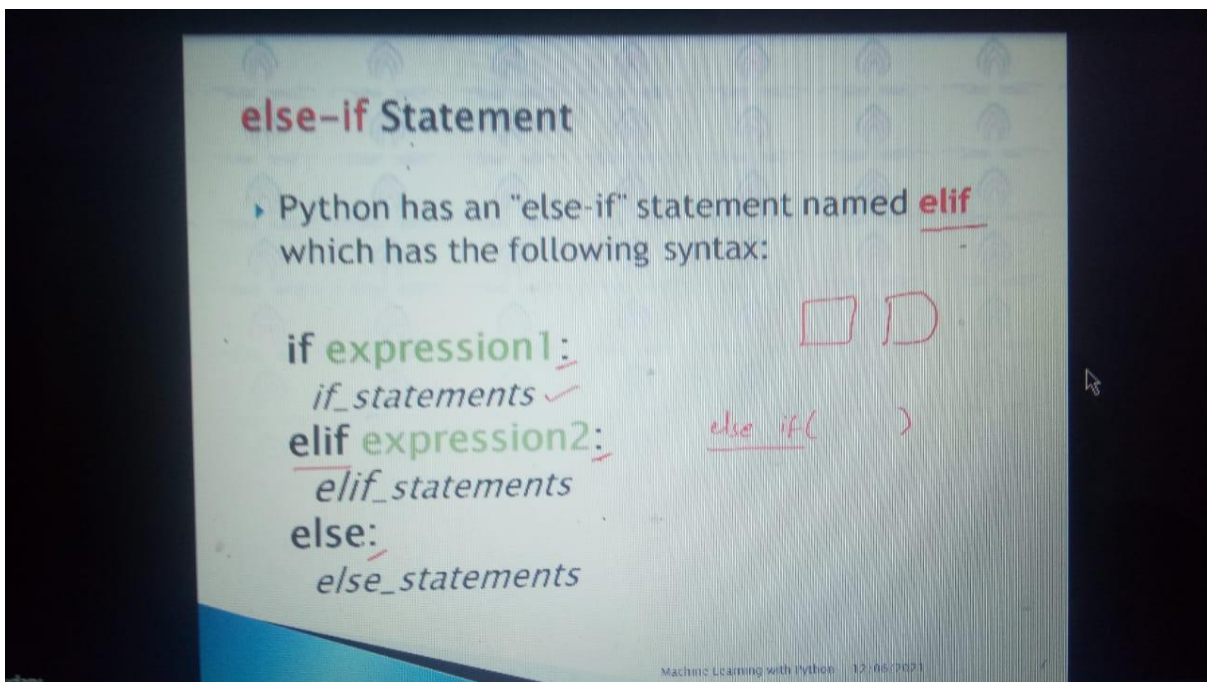

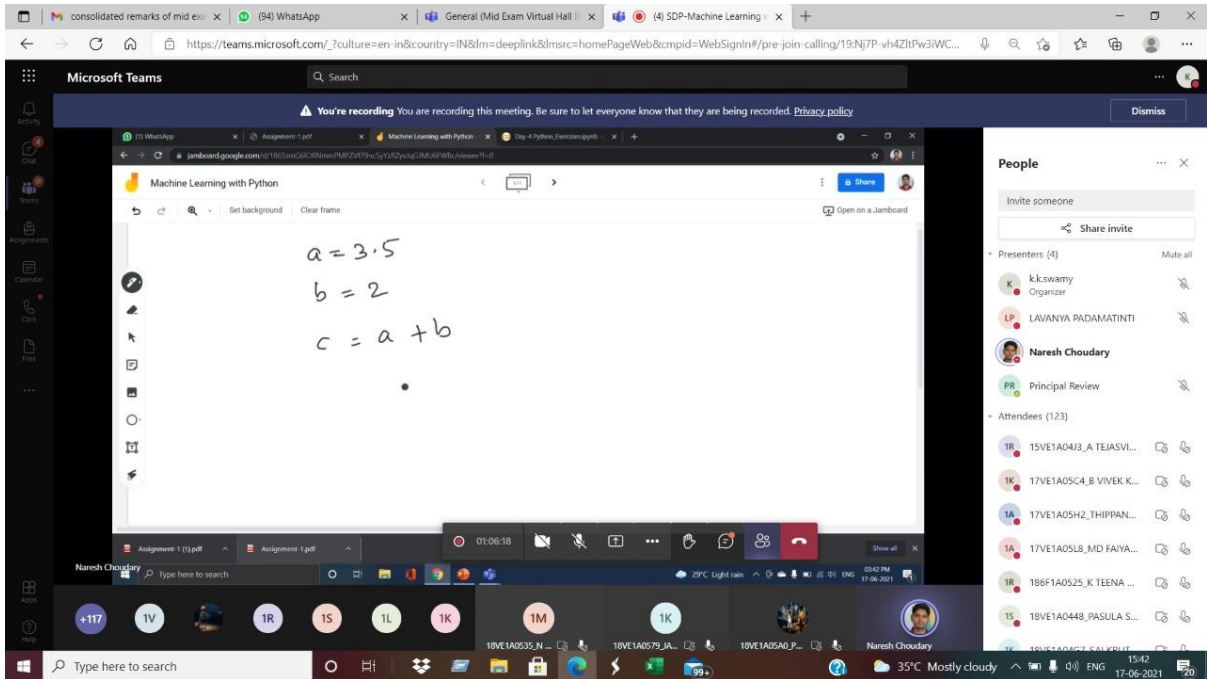

Teaching materials and documentations are shared to all the students who ever participated in the SDP on Machine Learning with python. The event was organized successfully and metriculously.
