Any other points you want to mention, please feel free to share your opinion

- No
- None
- A better hosting would be appreciated
- I think Mr.kiran gali sir need to speak more about his experience as we will learn something from his ups and downs..
- My opinion is conduct few more sessions
- **I think we require this type of programes to have a path, vision ...to get further knowledge**

- As a basic session it was fine. **But to develop in a competitive world there should be more statistics oriented sessions** which can give a view about current revenue and market.
- I want to learn more of my idea and have a idea for accidents
- **It's really a good talk.** And we thank Kiran sir for attending the event and making it a grand success. **We also thank our EDC coordinator** for the encouragement given to us. **We request you to conduct some more events like this which would help each and every student to have a clear picture of their goals and ambitions.** Sharing or group discussions may help a lot for building self confidence in students. **And weekly once if someone could come up with their own innovative ideas that would be really good for the students and even faculty would come to know about the capability of the student.** Thank you one and all...
