# SREYAS

INSTITUTE OF ENGINEERING AND TECHNOLOGY

(Approved by AICTE, New Delhi, Affiliated to JNTUH Hyderabad.)

Accredited by NAAC & NBA

Bandlaguda, Nagole, Hyderabad - 500068.

### About the Institute:

Sreyas Institute of Engineering and Technology (SIET), sponsored by Sreyas Educational Society is established in the year 2011 in the state of Telangana by eminent educationists with a social conscience and commitment. The institution with a vision of serving the society through value-based education has been making a mark in the educational map of this region. Sreyas Institute is located in a sprawling campus of about 10.02 acres, amidst sylvan surroundings with aesthetically built infrastructure.

The institute offers academic programs with innovative curriculum, advanced research in cutting-edge technologies and societal engagement through outreach activities. It has grown in its size and stature over the years with an initial intake of 300 to 720 students, the placements have reached new avenues with more than 300+ companies conducted interviews. Within a span of short time the Institute has grown in all the dimensions.

SIET is one of the premier Engineering Colleges in Telangana. The institute currently offers six undergraduate programmes (B. Tech) – Computer Science and Engineering; CSE Data Science; CSE Artificial Intelligence and Machine Learning; Electronics and Communication Engineering ; Mechanical Engineering and Civil Engineering. The institution was accredited by NAAC and by National Board of Accreditation (NBA).

### About the Department:

The budding freshmen step into the professional course with mixed emotions in the hope of getting acquainted with the new environment and to find out how to wing their dreams? It's here that 'H and S' department gives them the feel of Second Home, with a warm welcome assuring them of solace and support by equipping them with skills, knowledge and values that will help them turn into successful and candid personalities.

The humanities and social sciences is the vital department which give responses to the pressing issues that trouble the world or understand the philosophical, conceptual and ethical dimensions of technological change.

The Department helps the students to have thorough knowledge of Basic Subjects such as Mathematics-I, Mathematics-II, Probability and Statistics, Engineering Physics, Engineering Chemistry and English as Language for Communication which act as a catalyst in shaping them to face the world and meet the global challenges assertively.

This flagship objective is fulfilled with the dedicated faculty team with its diverse expertise who make the environment of the Department conducive to have a rich academic output.

The Department correspondingly ushers its young technocrats to indulge in other holistic aspects of life such as literary, cultural, arts, sports and social activities.
