LANGUAGE LAB (2021-22)

The English language Lab at Sreyas Institute of Engineering and Technology provides a well guided language learning environment through computer-based exercises and activities to enhance proficiency in language components (vocabulary and pronunciation) and in language skills (listening, speaking, reading and writing). The language lab caters to the needs of grooming the students at progressive levels of their B.Tech Course. In the language lab, total number of students enrolled are 635 from various departments in the current academic year.

At the very first level, the first year students get an exposure to **ELCS** (English Language Communication Skills) Lab, where they are provided to practice in an entertaining and interactive way to acquire four main language skills: **listening, speaking, reading, and writing**. The **CALL** (Computer Assisted Language Lab) facilitates interaction via computer-based exercises and activities to maximize language immersion. **ICS** (Interactive Communication Skills) Language lab allows students to reinforce material learned in class by putting them into practice through interactive activities.

In the second level of their B.Tech course, the **ACS** (Advanced Communication Skills) lab equips the students effectively for social, academic and professional purposes. The language labs are tailored to the individual needs of students. The Language Laboratory is effectively utilized by students as well as the faculty members for various self-enhancement and soft skill development activities. The students and faculty can watch videos, practice their language skills-pronunciation through a speech recognizer, learn new vocabulary, and much more.

CALL Lab-Computer Assisted Language Learning Lab- Students use the Walden Software as a platform to CALL lab to learn Phonetics, MTI, Intonation and other Accent forms. ICS Lab-Interactive Communication Skills Lab- Students participate in JAM session, Professional Etiquettes, Telephonic Etiquettes, Description, Giving Direction, Mock Interviews, Oral Presentation Skills, Debates, Group Discussion Activities and Role Plays.

ACS Lab : The Advanced Communication Skills lab enables the students to improve their fluency in English through a well-developed vocabulary, Inter-personal Communication, Reading Comprehension, Writing Skills, Presentation Skills, Group Discussion and Interview Skills.

Students & Staff is doing Yoga in yoga center at Sreyas

REPORT

2021-22

The visionary leadership of Hon'ble Prime Minister Shri Narendra Modi, 21st June has been declared as INTERNATIONAL YOGA DAY. Yoga has not been limited and restricted to any community, religion, area, nation, society or any individual economy, but today the entire world has accepted and started practicing yoga. The whole credit for this completely vested to our culture roots. It has been decided and declared to celebrate at National State, District, Taluka, Villages as well as individual, Institutions, Universities and NGOs too. It has been organized for one week in the month of June every year. In this training around 20 staff members and 100 students have been participated. This enhances their mental strength.
