

REPORT ON CODING PUZZLE

Title of the event: CODING PUZZLE

Date: 27/03/2024

Venue: Sreyas Institute of Engineering and Technology, Hyderabad.

Number of participants: 45 students from all the branches

About the event:

The Coding Puzzle Event at Sreyas Institute of Engineering and Technology organized by Department of Electronics and Communication Engineering, aimed to enhance problem-solving skills among students while promoting teamwork and creativity in coding. The event drew participants from various engineering disciplines, fostering a competitive yet collaborative environment. In this game, we conducted two rounds, we divided the attendees into team of three members each. The procedure of the event firstly, the basic puzzles are given to each team to solve, participants who solved basic coding puzzles within a set time limit are selected to the second round. The top teams competed in a head-to-head format, solving advanced coding challenges in real-time. This round was designed to test both speed and accuracy. The quick and accurate team was awarded.

Conclusion:

The Coding Puzzle Event at Sreyas Institute of Engineering and Technology was a resounding success, fostering a spirit of innovation and collaboration among students. The event not only enhanced coding skills but also prepared students for future challenges in the tech industry. Organizers plan to make this an annual event, with hopes of expanding participation and challenges.
