[Publish analytics](#)

1. How much of the syllabus was covered in the class?

[Copy](#)

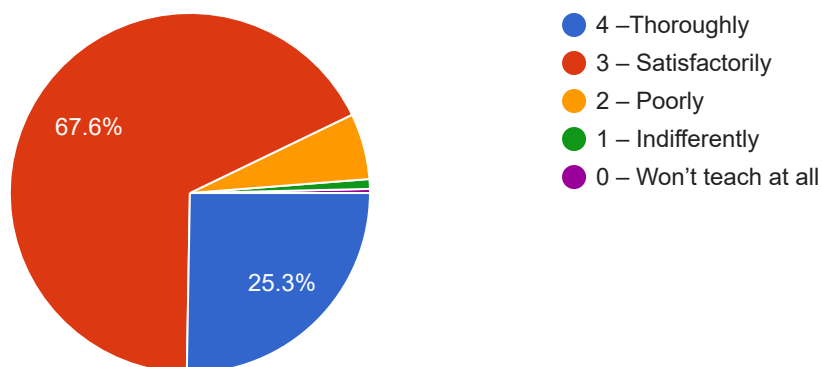

1,376 responses

2. How well did the teachers prepare for the classes?

[Copy](#)

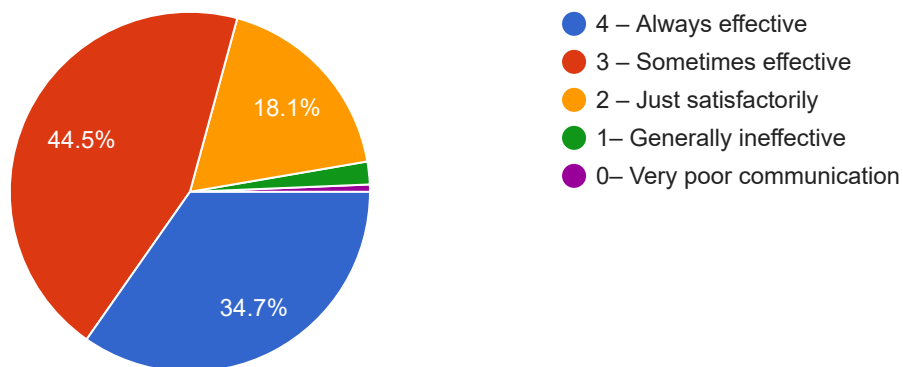

1,369 responses

3. How well were the teachers able to communicate?

[Copy](#)

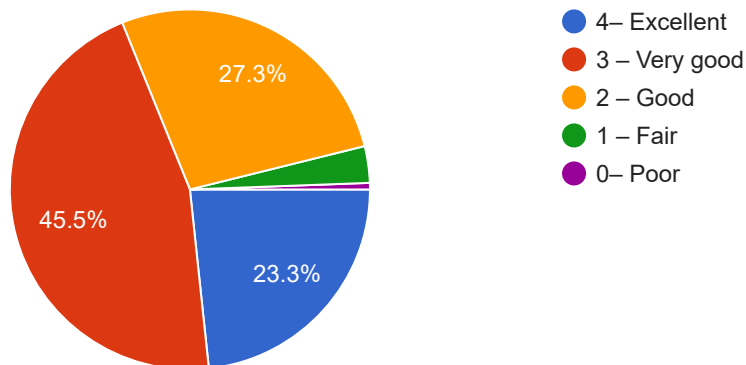

1,368 responses

4. The teacher's approach to teaching can best be described as

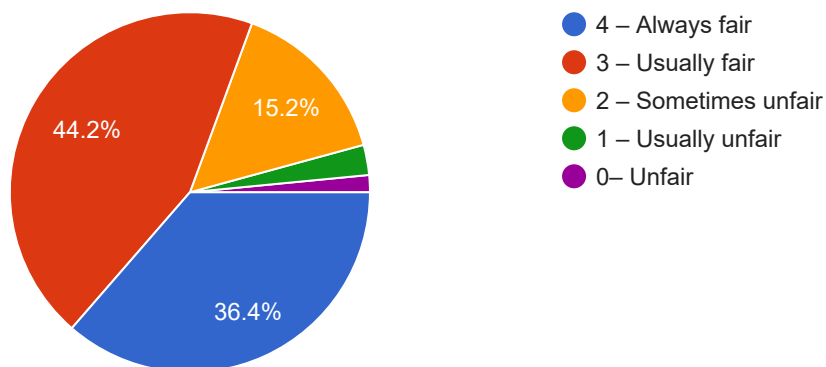

1,368 responses

5. Fairness of the internal evaluation process by the teachers.

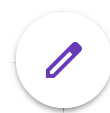

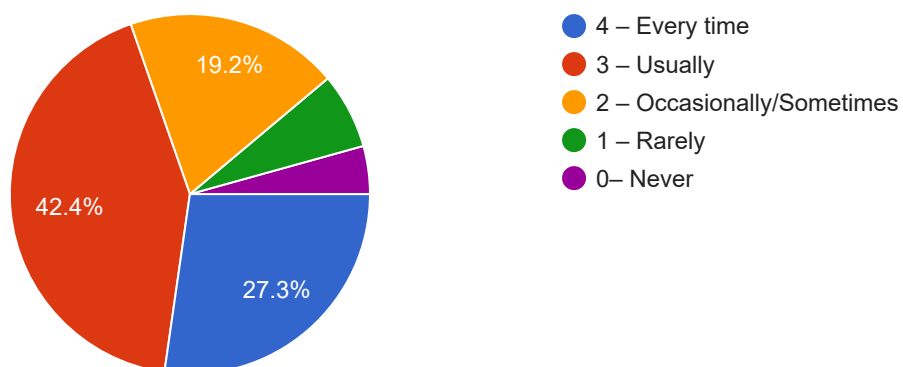

1,366 responses

6. Was your performance in assignments discussed with you?

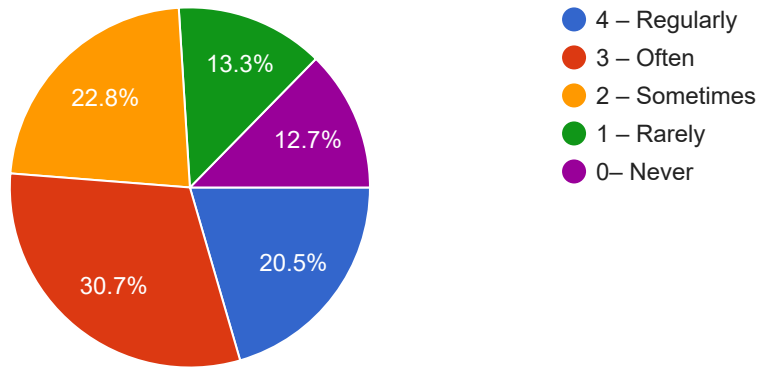

1,368 responses

7. The institute takes active interest in promoting internship, student exchange, field visit opportunities for students.

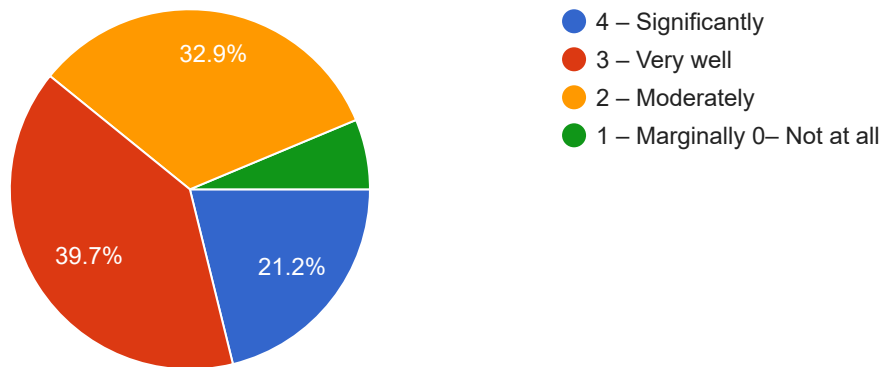

1,366 responses

8. The teaching and mentoring process in your institution facilitates you in cognitive, social and emotional growth.

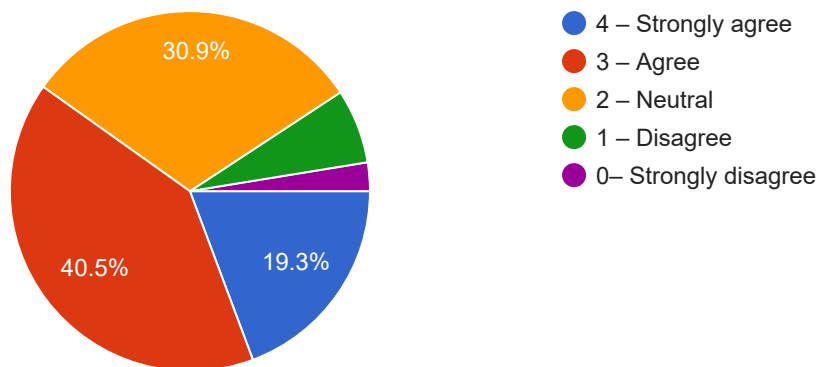

1,366 responses

9. The institution provides multiple opportunities to learn and grow .

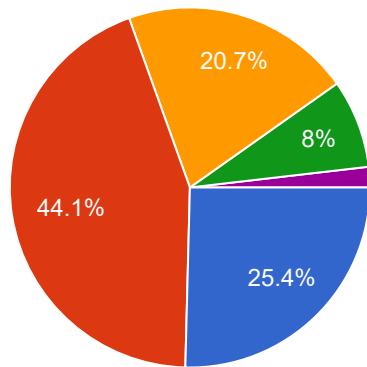

1,362 responses

10. Teachers inform you about your expected competencies, course outcomes and programme outcomes.

1,358 responses

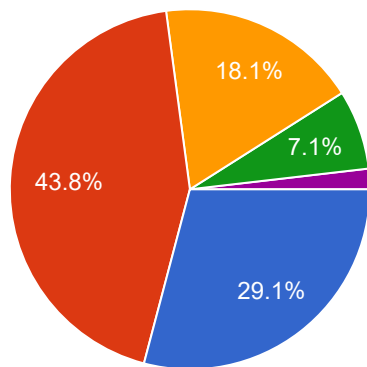

- 4 – Every time
- 3 – Usually
- 2 – Occasionally/Sometimes
- 1 – Rarely
- 0 – Never

11. Your mentor does a necessary follow-up with an assigned task to you.

1,357 responses

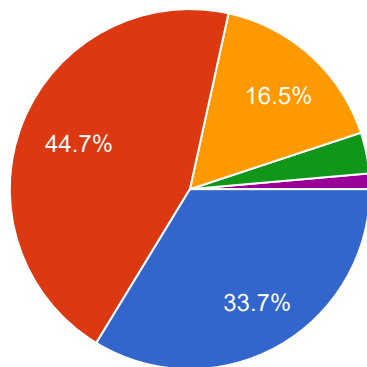

- 4 – Every time
- 3 – Usually
- 2 – Occasionally/Sometimes
- 1 – Rarely
- 0 – I don't have a mentor

12. The teachers illustrate the concepts through examples and applications.

1,359 responses

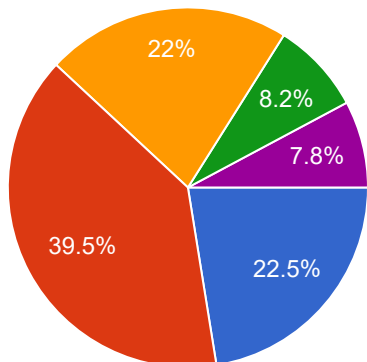

- 4 – Every time
- 3 – Usually
- 2 – Occasionally/Sometimes
- 1 – Rarely
- 0 – Never

13. The teachers identify your strengths and encourage you with providing right level of challenges.

1,358 responses

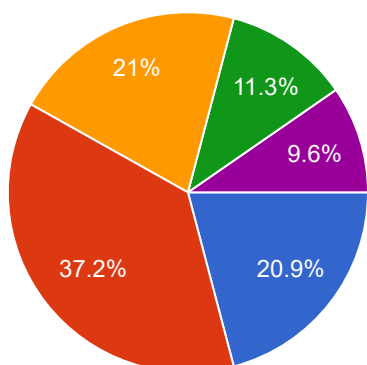

- 4 - Fully
- 3 - Reasonably
- 2 - Partially
- 1 - Slightly
- 0 - Unable to

14. Teachers are able to identify your weaknesses and help you to overcome them.

1,359 responses

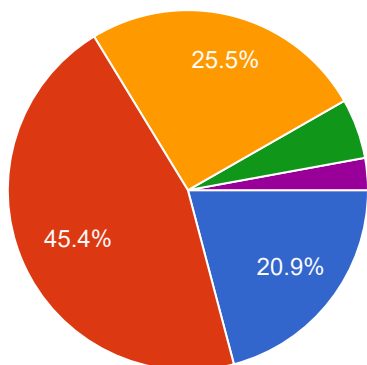

- 4 - Every time
- 3 - Usually
- 2 - Occasionally/Sometimes
- 1 - Rarely
- 0 - Never

15. The institution makes effort to engage students in the monitoring, review and continuous quality improvement of the teaching learning process.

1,355 responses

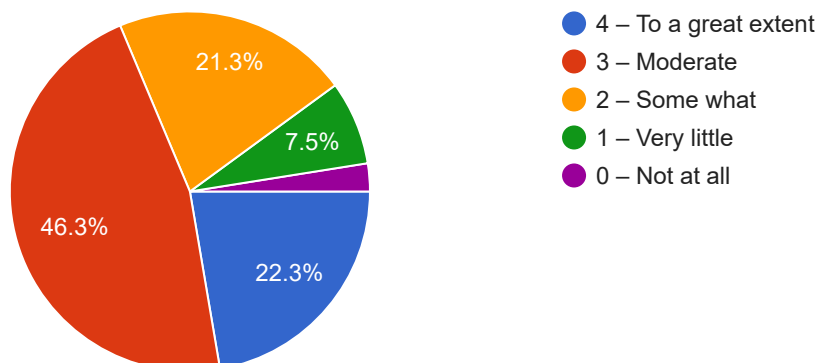

- 4 - Strongly agree
- 3 - Agree
- 2 - Neutral
- 1 - Disagree
- 0 - Strongly disagree

16. The institute/ teachers use student centric methods, such as experiential learning, participative learning and problem solving methodologies for enhancing learning experiences.

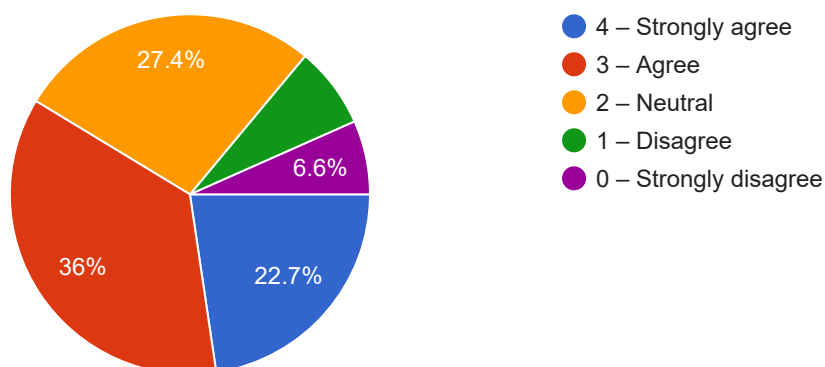

1,353 responses

17. Teachers encourage you to participate in extracurricular activities.

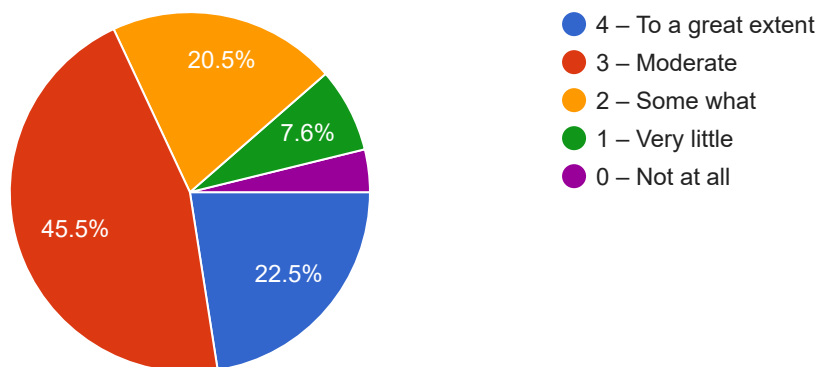

1,355 responses

18. Efforts are made by the institute/ teachers to inculcate soft skills, life skills and employability skills to make you ready for the world of work.

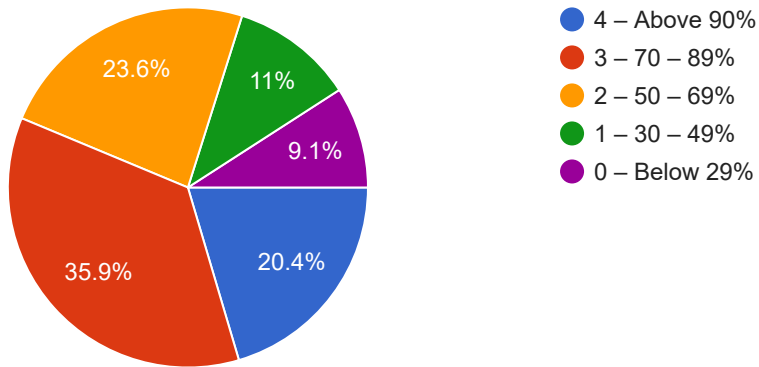

1,358 responses

19. What percentage of teachers use ICT tools such as LCD projector , Multimedia, etc. while teaching.

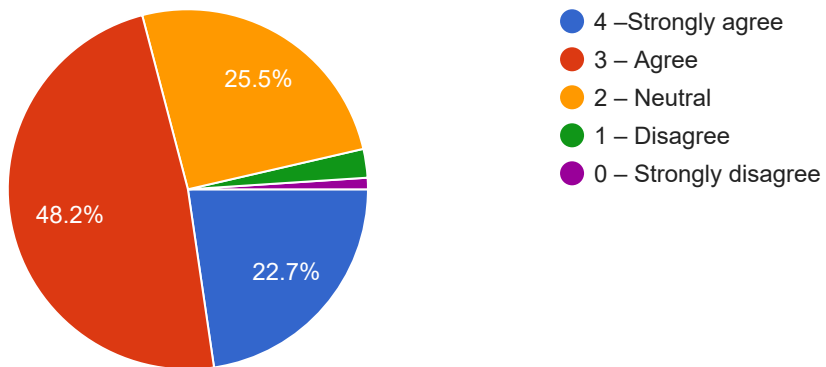

1,361 responses

20. The overall quality of teaching-learning process in your institute is very good.

1,358 responses

21. Give three observation / suggestions to improve the overall teaching – learning experience in your institution.

Good

Good

Nothing

Nothing

No

-

NA

good

Ok

Good teaching

1) Need more lunch time

.

None

Excellent

All good

No suggestion

Yes

Cultural activities,gym

Prepare well

.make the changes in records writing

Being impartial, improve communication skills, more extra co curricular activities proffessionality,
communication skills, model teaching

1. Encourage Active Learning. 2.integrate technology .3. Foster a Supportive Environment.

Encourage group discussions and practical activities.

Would suggest to improve teaching by preparing

Internship

They should teach

Nothing much

Conduct more programs or events based on coding languages To

improve teach in practical with projector

Give some imp questions to students to study Conducting free

internship programs and hackathons.

Conceptual understanding, General knowledge,Virtual Presentation

..

1)Need all necessary Labs Equipment..

1.use better graphics and visual media to engage students well 2.make teaching a two way

Good

interaction Okay

More improvement E

Give less assignment so that we can use that time for learning something else Lecturers need to be more respectful.

1. They need to give real life examples in subject topics so that student can understand and relate. 2. They need to teach in such a way that the student should be able to understand and solve the question 3. Please stop focusing completely on studying there are many other things to do and include in students life.

Faculty's Interaction with all the students equally & also to those who are introverts and boost them up.

Give Clear explanation for each topic

Sometimes the digital class room is not available,so faculty not able to explain properly(that one topic) without digital classroom

Friendly teaching needed

1.explain clearly with examples

Improve communication skills professionalism being impartial projectors

and multi media should used

Emphasis on Practical and Experiential Learning , Integration of Technology in Teaching Should

conduct more field trips , encourage students in sports

Need clear guidance from teachers to students to overcome fear of asking questions Explanation in depth

for each topic

Every teaching should be taught under projectors so that it makes teaching effective along with applications

Overall the teaching and examples are really good and helpfull

Provide internship,Use some interactive classes, Allow students to showcase their talent.

There should be a path given to student in their freshman year on how to approach coding and DSA.. and it's importance. It should be made mandatory for students to attend the weekly coding contest on platforms like leetcode codechef and codeforces this will boost the coding environment. Their should be early exposure on internships and quality projects.

Good better best Communication

with students Thanks

taking more classes in basics of any programming language and go indepth .2) give courses to do than woring ones in the assignments.3) share notes at the starting of the unit so that students can go through it if required

.....

1. Try to use the syllabus time from beginning 2. Mentoring is required more 3.think out of the book and interaction with students is required

Can improve Placement trainings hours both aptitude and software skills , hackerrank crts can be replaced with teaching a new coding language in depth

Everything is great!! We as a students need to improve not faculty

Noo

Better network facilities Student -

Centralized learning Experienced

Smart class and duration should be extended

...

Complete the syllabus fastttt and give more time for ops subject ,because it is the major thing that we have to know , give less Time to remaining subjects such as mc , ec ,bee

Treating students equally and explain the topics good for better understanding and giving less works

Teaching with more examples and illustrations, industrial field trips,encouraging extra- curricular activities

Keep sports also

I hope teacher will approach every student

Explaining by taking some of the live examples and how they are mainly useful in proffessional field and what are profit or advantages of that subject or topic

Great learning experience

Use technology effectively

Get more internships to our institute

1 .Encourage the average and below Average students 2. Conduct activities on study based 3 .provide internship opportunities

teachers have to be a bit more respectful to students.

Nothing to complaint

Better to have more course related oppotunities (eg:cse)
