REPORT ON RED RIBBON CLUB FOR HIV AWARENESS

VENUE: Sreyas Institute of Engineering and Technology

DATE: 06.04.2024

Organised by: NSS Cell

NOOF VOLUNTEERS: 09

Introduction

The National Service Scheme (NSS) unit of Sreyas Institute of Engineering and Technology (SIET) conducted a comprehensive HIV/AIDS awareness campaign to educate students, the general public, and residents of adopted villages. This report details the various events and initiatives undertaken during the campaign.

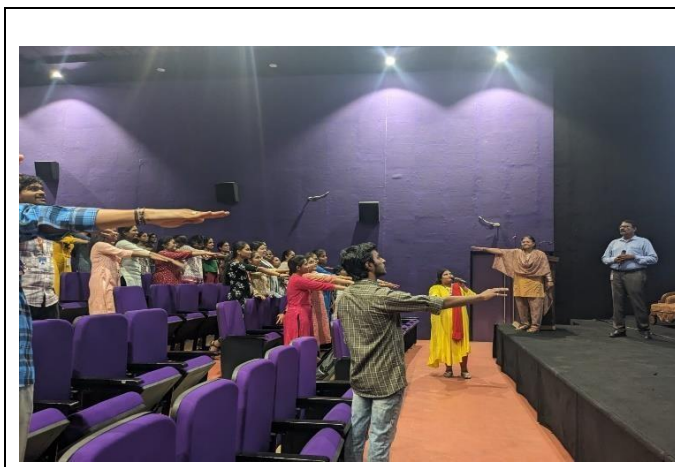

Campaign Activities

- Quiz Competition:** An inter-departmental quiz competition tested students' knowledge about HIV/AIDS transmission, prevention, and treatment. This activity aimed to create a fun and engaging learning environment.
- Pluck Card Creation and Rally:** NSS volunteers created informative pluck cards on HIV/AIDS. They then conducted a rally in adopted villages and nearby municipalities, distributing the cards and raising awareness among the general public.
- Educational Workshop and Pledge:** An educational workshop for students provided in-depth information about HIV/AIDS. The session concluded with a pledge by students to combat stigma and promote safe practices.
- Short Film, Photography, and Reels Competition:** A creative competition encouraged students to produce short films, photographs, and social media reels conveying impactful messages about HIV/AIDS awareness.
- Supporting Victims and Rehabilitation Centres:** The NSS unit organized a visit to support victims of HIV/AIDS and rehabilitation centres. This aimed to promote empathy and understanding.

6. **Community Outreach Programs:** NSS volunteers conducted outreaches in each program in adopted villages, providing information and answering questions about HIV/AIDS.
7. **Stigma Reduction Initiatives:** Interactive sessions and campaigns addressed the stigma associated with HIV/AIDS. The goal was to foster a more compassionate and inclusive environment.
8. **Partnership with Healthcare Institutions:** An MOU (Memorandum of Understanding) was established with healthcare institutions. Medical professionals participated in workshops and events, providing expert guidance and resources.
9. **Artistic Expression Collaboration:** In collaboration with the JNTU Red Ribbon Club, the NSS unit organized an event for artistic and creative expression on HIV/AIDS awareness. This included activities like poetry writing, painting, theatre performances, essay writing, and debates.

Conclusion

The SIET NSS unit's HIV/AIDS awareness campaign effectively reached diverse audiences. By employing various strategies, the campaign fostered knowledge, challenged stigma, and promoted compassion. The active participation of students, healthcare professionals, and community members ensured the campaign's success. This initiative serves as a model for future NSS endeavours in promoting social awareness and positive change.

REPORT ON DIST.LEVEL YUVA UTSAV EVENT

VENUE: JNTUH

DATE: 15.04.2024

ORGANIZEDBY: NSSCell with JNTUH

NO OF VOLUNTEERS: 15

Introduction

On 15th April 2024, the National Service Scheme (NSS) unit of Sreyas Institute of Engineering and Technology actively participated in Dist.Level Yuva Utsav Event –Micro volunteering Day organized by Jawaharlal Nehru Technological University Hyderabad (JNTUH). This event, held at the JNTUH campus, combined a clean drive with a blood donation drive specifically aimed at supporting children with Thalassemia and Sickle Cell disease at the Thalassemia & Sickle Cell Society.

Event Details

The NSS volunteers from Sreyas Institute of Engineering and Technology enthusiastically joined forces with volunteers from other institutions to participate in the cleanliness drive. Together, they worked diligently to clean the JNTUH campus, promoting a clean and healthy environment.

Following the clean drive, the NSS volunteers participated in a noble blood donation camp. This camp aimed to collect vital blood donations for children suffering from Thalassemia and Sickle Cell disease, conditions that require regular blood transfusions. The Sreyas Institute NSS unit is proud to have contributed to this life-saving cause by encouraging and facilitating blood donation among its volunteers.

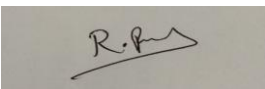

Impact and Conclusion

The NSS unit of Sreyas Institute of Engineering and Technology is committed to social responsibility and actively participates in events that benefit the community. This combined clean drive and blood donation drive at JNTUH presented a unique opportunity to serve a dual purpose. By cleaning the JNTUH campus, the NSS volunteers promoted a clean environment, and by donating blood, they potentially saved the lives of children battling Thalassemia and Sickle Cell disease.

The participation in this event instilled a sense of social responsibility and compassion among the NSS volunteers. The event served as a valuable platform for the NSS unit to contribute positively to society and make a real difference in the lives of those in need.

Future Endeavours

The NSS unit of Sreyas Institute of Engineering and Technology is committed to continuing its active participation in such social service initiatives. The unit will strive to organize similar events in the future and encourage more student volunteers to contribute to the betterment of society.

REPORT ON MAKING CREATIVE GANESHA

Venue: Sreyas Institute of Engineering and Technology

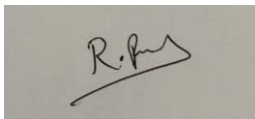

Date: 18.09.2023

Organized By: NSS Sreyas

No of volunteers: 60

The 'Making Creative Ganesha' event, organized by NSS Sreyas on 18th September 2023 at Sreyas Institute of Engineering And Technology, saw the enthusiastic participation of 60 volunteers. The event focused on creating eco-friendly and artistic Ganesha idols, encouraging creativity and environmental consciousness. Volunteers, especially girls, showcased their talent by crafting unique idols using sustainable materials. The event concluded with a puja, blessing the creations, and fostering a spirit of devotion, creativity, and responsibility towards nature among the participants.
