

## AI HACKFEST 2025

*Date of the Event: 7<sup>th</sup> March, 2025*

The **AI HackFest 2025** was a dynamic and highly engaging coding marathon conducted at the state-level, aimed at fostering innovation, collaboration, and practical problem-solving in the field of **Artificial Intelligence (AI)**. The event provided a vibrant platform for students to brainstorm, build, and present AI-based solutions to real-world challenges within a competitive yet supportive environment.

Organized by the college's Department of Artificial Intelligence and Machine Learning, the hackathon attracted budding AI enthusiasts from multiple departments, igniting creativity and technical excellence among participants.

### Highlights of the Event

- **Event Name:** AI HackFest 2025
- **Date:** 7<sup>th</sup> March, 2025
- **Venue:** Auditorim
- **Duration:** 24-hour AI Hackathon
- **Participants:** 80+ students from various departments
- **Total Teams:** 20 teams (each with 2–4 members)
- **Event Type:** Offline (On-Campus)
- **Themes:** Healthcare, Smart Cities, Education, Environment, and FinTech
- **Judging Panel:** Industry Experts
- **Awards:** Best AI Solution

### Judging Criteria

Projects were evaluated based on the following criteria:

- Problem understanding and relevance
- Innovation and originality of the idea
- Technical soundness and functionality
- Use of AI/ML technologies
- Presentation and teamwork
- Feasibility and impact

The winners of the event will participate at T-Hub for further Round
