
Entrepreneur Development Cell

Objective:

- The main objective of this committee is to train the students and integrate the culture of entrepreneurship and to make the students eligible to achieve their dreams of starting their own enterprise.
- The main objective of this committee is bridging the gap between industry & academic institutions.

Functions:

- Young graduating Engineering students across the country need proper placements depending upon their talents for which a proper industrial exposure is essential. The curriculum should also have a great bearing in accordance with the need of the industry. The important institute interaction will help to achieve the above objectives.
- Better interaction between technical institutions and industry is the need of the hour. It helps students for generating employment opportunities & to make them industry grade students.

Responsibilities:

- Awareness to create awareness among the students of the Institution regarding entrepreneurship as a career option.
- Arranging guest lectures by inviting engineers and top executives from industry to visit the institution to deliver lectures and to impart industrial exposure to the students.
- Providing opportunities to the degree level engineering institutions to improve their knowledge upgrade their skills and enhance their qualifications.
- Establish industry-institution interaction cell.
- Planning for summer internship programs in industries.
- Conducting seminars, workshops by inviting people from industry on relevant topics to students.
- Arrange industrial visits to students liberally so that they can know real world problem & can update their practical skills and important software's.
- Programs can be conducted by arranging resource lectures by inviting people from corporate offices.
